

PE1623/Y

Petitioner submission of 29 May 2017

We thank the Scottish Government for clarifying its commitment to carry out an Equality Impact Assessment on any policy changes resulting from the Education Governance Review, and, in addition, to respond to our Petition in the light of the situation as it will then be.

As before, it is not possible to comment further at this stage, so we can only thank the Committee for their ongoing attention, and continue to wait on events.
